FELICITY'26

WHAT IS FELICITY?

- Felicity serves as IIIT Hyderabad's all-encompassing annual techno-cultural festival bringing together technology, creativity, and culture under one banner. With a legacy of hosting large-scale cultural performances, global coding competitions, and impactful hackathons, Felicity has grown into a nationally recognized platform for innovation and talent.

ARTIST PERFORMANCES

By various musical artists like Arjun Kanungo, The Local Train, Lost Stories, Vasu Raina, Piyush Bhisekar, Merakee, Olly Esse DJ, Ravator, Ash King, Nikhil D’souza

TECH EVENTS

ESCAPE ROOM

An online adventure designed to explore the fun side of electronics! Participants tackle a series of virtual obstacles, each level more challenging than the last, putting their creativity and problem-solving skills to the test.

INTRO TO GSOC

A preparatory event for Google Summer of Code (GSoC), this session introduces students to open-source opportunities, the application process, and tips for making meaningful contributions to global projects.

CTF (BY HACKING CLUB):

A cybersecurity challenge with participation from all around the world and questions set by India's best CTF challengers.

EXOPLANET HUNT (BY ASTRONAUTICS CLUB):

A SQL challenge where participants use data science to explore astronomy and identify potentially habitable exoplanets.

RoboRunner (by Robotics Club):

A competition where teams compete to build smart and efficient robots for various challenges such as obstacle paths, line following, Robowars and more.

ICPC Camp

An intensive camp for aspiring competitive programmers, featuring expert-led algorithm sessions and ICPC-style practice contests.

CANSAT (BY ASTRONAUTICS CLUB):

A preliminary round where teams design mini-satellites for the prestigious CanSat competition in the United States.

CODECRAFT (BY PROGRAMMING CLUB):

A competitive programming contest with 30,000 participants from 128 countries.

Virtual Labs

An MoE Govt of India Initiative

VIRTUAL LABS HACKATHON

Engineering scalable solution, nation-wide

The Virtual Labs Hackathon was a flagship, multi-stage national event designed to address pressing real-world engineering and infrastructure challenges through innovative, tech-driven approaches. By guiding participants through structured phases of ideation, prototyping, and deployment, the hackathon fostered a culture of practical problem-solving and scalable design.

Nationwide Multi-Stage Hackathon

2,000+ Participants

3 Lakh Prize Pool

CULTURAL EVENTS

MUSIC

We host a lineup of sports events like basketball, futsal, football, kho-kho, and dodgeball, creating a competitive, spirited vibe across campus.

SPORTS

The dance culture shines through group performances at the Inaugurals, the vibrant Clash of Duos, and spontaneous flash mobs, adding rhythm and energy to the fest.

ART

The creativity during the fest comes alive through annual wall paintings and collaborative works by Kalakshetra, turning the campus into a colorful, artistic space.

DANCE

It brings a rich musical experience with internal band sets, cozy Roadblock sessions, the Battle of the Bands, and electrifying external performances.

JASPREET SINGH

BISWA KALYAN RATH

SOCIAL IMPACT

ZERO WASTE AND SUSTAINABILITY

We are organizing a **zero-waste, sustainable event** in collaboration with **NGO Urvari** for Felicity, focusing on reducing environmental impact by recycling plastics, using eco-friendly materials, and promoting responsible resource management.

GIVING BACK TO THE COMMUNITY

As part of Felicity, we regularly organize events that give back to the community. Some of them include **blood donation camps, art competitions in low-income schools, visiting orphanages, tree plantation drives** and more.
